Comfort Now Has New Class.

With the Fraser-Johnston Furnace line, you'll enjoy incredible comfort and the peace of mind knowing your system is built to last. With proven manufacturing processes, you can be assured our quality and dependability will endure season after season. And, Trust our expert home-comfort contractors for installation and support that leave you feeling great.

Improved Performance Costs Less.

Fraser-Johnston units can reduce energy costs nearly 40% compared to furnaces that are 20 years old. And, with up to a 95.5% Annual Fuel Utilization Efficiency (AFUE) rating on our high-efficiency models, they have earned the highest rating in the industry. You will also enjoy peace of mind knowing that your furnace is ENERGY STAR® qualified as one of the most energy-efficient furnaces you can buy!

Easy Service Adds Up to Long-term Savings.

These furnaces make service and maintenance easy for dealers, too. So, you not only get economy and efficiency, you'll get dependable and reliable performance for years to come.

Exceptional Warranties For More Peace of Mind.

When we build a product this good, we're happy to stand behind it. So, we back each Fraser-Johnston furnace with an exceptional limited lifetime warranty on the heat exchanger, and a 10-year limited warranty on parts. Must be registered online within 90 days of installation otherwise the parts warranty reverts to a 5-year limited parts warranty.

95.5% AFUE model meets ENERGY STAR® requirements for energy efficiency.
